10. On-going evaluation of goals and objectives.

Section 3 Mutual Respect

The Hitchcock County Schools expects every staff member and student to be treated with respect and dignity.

Section 4 Multicultural Policy

Multicultural education is the identification, selection and infusion of specific knowledge, skills and attitudes for the purpose of:

- affirming the culture, history and contributions that shall include but not be limited to African Americans, Asian Americans, Hispanic Americans and Native Americans;
- challenging and eliminating racism, prejudice, bigotry, discrimination and stereotyping based on race;
- valuing multiple cultural perspectives; and
- providing all students with opportunities to “see themselves” in the educational environment in positive ways and on a continuing basis.

To promote and support multicultural education within Hitchcock County Schools it shall be the policy and practice of this district to create opportunities for all students to achieve academically and socially in an educational environment in which all students and staff understand and respect the racial and cultural diversity and interdependence of members of our society.

Section 5 Complaint Procedures

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

1. Complaint procedure:

Step 1. Have a scheduled conference with the staff person involved in the complaint matter.

Step 2. Appeal to the Principal if the matter is not resolved at Step 1.

Step 3. Appeal to the Superintendent if the matter is still unresolved at Step 2.

Step 4. Appeal to the Board of Education if the matter is still unresolved at Step 3. Written appeal should be made within five (5) days of the Superintendent's decision.

2. Conditions Applicable to All Levels of Complaint Procedure:

All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

Article 2 - School Day

Section 1 Severe Weather and School Cancellations

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations, and the school emergency phone system. It is important that your emergency information is up to date. Radio stations are KRVN, KICX, KIOD, KFNF and television stations are Channel 6 & 8.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning. In any case, **an announcement will be made to the news media when schools will be closed.** In some instances, schools will be open, but certain services may be cancelled (bus transportation, student activities).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given to parents. If school is closed during the day the notice will be broadcast by the media and **parents should have a plan in place to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** The absence will be treated like any other absence for

legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Every effort will be made to provide accurate and timely information through the media.

Emergency Conditions. Hitchcock County Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit System, Tornado Warning System, and Critical Incident Response.

Section 2 Open-Closed Campus

All students are required to remain on campus during the school day, except Hitchcock County Schools allows 9 – 12 grade students to leave campus during lunch. Students wishing to leave the building during school hours or wishing to be excused from classes or study hall must first secure permission from the Principal, and sign a check out sheet in the Secretary's office. Any student driving a car to school must not drive or be in the car during school hours, including noon, except as authorized by the administration. The administration has the authority to keep the car keys of a violating student and use a check in, check out key file for violating students.

Busses will go into every yard, if there is a suitable turn-around available, weather permitting. Busses will not travel over roads where the risk of getting stalled is great. The decision as to the condition of the road will be left to the judgment of each driver.

Students riding the school bus are expected to follow the following rules:

The following procedures will be used in dealing with misbehavior on the school bus:

1. For major offenses a referral form will be filled out by the driver, the parent will be contacted, and a copy of the report may be sent to the parent.
2. On the second offense, the student will meet with the principal and a referral form will be sent home. This may result in a suspension of up to five (5) days of bus riding privileges. Parents will be contacted and in case of suspension will assume responsibility for transporting the student to and from school.

Students may be assessed a fine for damage to lockers.

Section 7 Searches of Lockers and Other Types of Searches

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles. Periodic, random searches of lockers, desks, computers and other such property may be conducted at the discretion of the administration. The search may receive assistance from the Nebraska State Patrol, local law enforcement officers, and/or the police service dog. If a Police Service Dog alerts to the presence of the odor of drugs near any lockers, school administrators will bring students assigned to the lockers, which contain the contraband, to the Police Officer, who will issue enforcement activity, or make a custodial arrest if the offense constitutes a misdemeanor or felony.

The following rules shall apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.

2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as practicable.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, “nuisance items”) may be removed from student possession. Student cell phones are not to be used during the school day without Administrative permission.

Section 8 School Parking

Hitchcock County Public Schools recognize that students who have a valid operating permit have successfully passed the driver examination and who have a driver’s license have gained the privilege of driving on public streets and highways, but it is the policy of this school that those students who wish to attend must abide by the following regulations:

1. All motor vehicles must remain parked during school hours.
2. Students are not allowed to sit in their motor vehicles during the school day.

4. All traffic laws of the state apply to the operation of motor vehicles on the school grounds and extreme care must be taken to prevent accidents.
5. Violators of the closed campus driving regulations will be disciplined according to the disciplinary procedure.
6. Those students who park off campus or at home and who violate the closed campus driving regulations are subject to the same punishment as those who park on campus and violate the regulations.
7. If an emergency should exist where the parents need the student to drive the vehicle during the school day, permission to drive must be obtained from the principal.
8. Motor vehicles driven to school are to be parked **ONLY** in the school parking lots north and east of the school.

Section 9 Student Lounge Rules and Regulations

If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 14 Lost and Found

Students who find lost articles are asked to take them to the office, where the articles can be claimed by the owner. If articles are lost at school, report that loss to office personnel.

Section 15 Accidents

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic or activities event sponsored by the school must be reported immediately to the Principal.

Section 16 Laboratory Safety Glasses

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes while students are participating in labs. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Section 17 Insurance

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District suggest that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The district does not make recommendations, nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school bulletin boards.

Section 18 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. All posters will be removed within 48 hours after the event.

Section 19 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright laws. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is "fair." Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Article 4 – Attendance

Section 1 Attendance Policy

Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents are responsible for developing behaviors which will result in regular and punctual student attendance.

Section 2 Attendance and Absences

Seniors missing less than 8 days per semester may be allowed to check out before graduation, seniors missing 8 or more days will check out the Friday before graduation. Seniors missing the same class more than 8 periods will check out the Friday before graduation.

Any student missing 8 or more days of school in one semester may be requested to attend a hearing with the Principal. Possible failure for the semester could result. Loss of credit could also result for students missing the same class 8 or more days per semester. All time over 8 periods per class will be made up, and taken into consideration for credit in the class missed.

The Principal reserves the final decision on absences regarding excused or unexcused.

Absences From School - Definitions. An absence from school will be reported as: (a) an excused absence or (b) an unexcused absence.

1. Excused Absences. Absences should be cleared through the Principal's office in advance whenever possible. An absence or tardy, even by parental approval, may not be excused. All absences, except for illness and/or death in the family, require advance approval. An absence for any of the following reasons will be excused, provided the required procedures have been followed:
 - (A) Attendance at a funeral for a member of the immediate family,
 - (B) Illness which causes a student to be absent from school,
 - (C) Doctor or dental appointment which require student to be absent from school,
 - (D) Court appearances that are required by a court order and the student is not responsible for needing to be in court,
 - (E) School sponsored activities which require students to be absent from school,
 - (F) Family trips in which student accompanies parent(s)/legal guardian(s),
 - (G) Other absences which have received prior approval from the Principal.

The Principal has the discretion to deny approval for the latter two reasons, depending on circumstances such as the student's number of other absences, the student's academic status, the tests or other projects which may be missed, and in the case of a family trip, whether the trip could be taken during non-school time and the educational nature of the trip.

2. Unexcused Absences: An absence which is not excused is unexcused. If a student's absence is unexcused the student may receive zeros for any class work missed during the absence, and may be required to make-up work and the time missed.

A student who engages in unexcused absences may be considered truant as per state law, Neb.Rev.Stat. § 79-201. Truancy is a violation of school rules. An unexcused absence may carry the additional penalty of a 0% for all work.

An unexcused absence may carry the additional penalty of a 0% for all work.

Absence Procedure. A student will not be allowed to enter class after an absence until an admit slip, based upon a written or verbal parental excuse, or a conditional admit slip, is issued by the Principal's office. A conditional admit slip, good for two days, may be issued to allow time to bring an excuse, in case no excuse has been provided upon returning to school. Work must be made up within the time allowed on the admit slip. Students missing classes for school activities must present a completed activities dismissal slip to the sponsor before being allowed to leave for the activity.

For excused absences, two school days will be allowed to make up the work for each day missed with a maximum of ten (10) days allowed to make up work. If requested, assignment sheets will be prepared for students who are ill. If parents and/or students request assignment sheets the school should be contacted by 10:00 a.m.

Reporting and Responding to Truant Behavior. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child age 7 to 16 to attend school regularly without lawful reason, shall within three days report such violation to the Superintendent. The Superintendent shall immediately cause an investigation into any such report to be made. The Superintendent shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the Superintendent believes that any child is unlawfully absent from school. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to remediate the child's truant behavior. Such services shall include, as appropriate, the services listed under the "Excessive Absenteeism" and "Reporting Habitual Truancy" policies.

Excessive Absenteeism. Students who accumulate five (5) unexcused absences in a quarter shall be deemed to have "excessive absences." Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:

1. One or more meetings shall be held between a school attendance officer, school social worker, or other person designated by the school administration and the parent/guardian and the student to report and attempts to solve the truancy problem. If the parent/guardian refuses to participate in such meeting, the principal shall place in the student's attendance records documentation of such refusal.
2. Educational counseling to determine whether curriculum changes, including but not limited to, enrolling the child in an alternative education program that meets the specific educational and behavioral needs of the child, will improve attendance.
3. Educational evaluation, which may include a psychological evaluation, to assist in determining the specific condition, if any, contributing to the truancy problem, supplemented by specific efforts by the school to help remedy any condition diagnosed.
4. Investigation of the truancy problem by the administration to identify conditions which may be contributing to the truancy problem. If services for the child and his or her family are determined to be needed, the person performing the investigation shall meet with the parent/guardian and the child to discuss any referral to appropriate community agencies for economic services, family or individual counseling, or other services required to remedy the conditions that are contributing to the truancy problem.

Reporting Habitual Truancy.

Neb. Rev. Stat. 79-209.

Compulsory attendance; nonattendance; school district; duties; collaborative plan; considerations; referral to county attorney; notice.

(1) In all school districts in this state, any superintendent, principal, teacher, or member of the school board who knows of any violation of subsection (2) of section 79-201 shall within three days report such violation to the attendance officer of the school, who shall immediately investigate the case. When of his or her personal knowledge or by report or complaint from any resident of the district, the attendance officer believes that there is a violation of subsection (2) of section 79-201, the attendance officer shall immediately investigate such alleged violation.

(2) All school boards shall have a written policy on attendance developed and annually reviewed in collaboration with the county attorney of the county in which the principal office of the school district is located. The policy shall include a provision indicating how the school district will handle cases in which excessive absences are due to illness. The policy shall also state the circumstances and number of absences or the hourly equivalent upon which the school shall render all services to address barriers to attendance. Such services shall include, but not be limited to:

(a) Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and

(b) One or more meetings between, at a minimum, a school attendance officer, a school social worker, or a school administrator or his or her designee, the person who has legal or actual charge or control of the child, and the child, when appropriate, to attempt to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:

(i) Illness related to physical or behavioral health of the child;

(ii) Educational counseling;

(iii) Educational evaluation;

(iv) Referral to community agencies for economic services;

(v) Family or individual counseling; and

(vi) Assisting the family in working with other community services.

(3) The school may report to the county attorney of the county in which the person resides when the school has documented the efforts it has made as required by subsection (2) of this section that the collaborative plan to reduce barriers identified to improve regular attendance has not been successful and that the child has been absent more than twenty days per year. The school shall notify the child's family in writing prior to referring the child to the county attorney. Failure by the school to document the efforts required by subsection (2) of this section is a defense to prosecution under section 79-201 and adjudication for educational neglect under subdivision (3)(a) of section 43-247 and habitual truancy under subdivision (3)(b) of section 43-247. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney.

(4) Nothing in this section shall preclude a county attorney from being involved at any stage in the process to address excessive absenteeism.

Section 3 Tardiness

Tardy to School: Students will be considered tardy to school if they are not seated in their assigned class or ready and attentive in their assigned area when the bell for their first class rings.

Tardy to Class: Students will be considered tardy to class if they are not in their classroom when the tardy bell rings, unless they have a pass from the teacher who detained them. Specific tardy guidelines once students are in the classroom doorway are at the discretion of the classroom teacher. Students have a sufficient time period between all class changes to make it to their next assigned class on time.

Students tardy to class must obtain an admit slip from the office before being admitted to class. Two unexcused tardies will equal one-half day unexcused absence.

Section 4 Leaving School

Students who must leave school for any reason during the school day must check out at the office before leaving and sign the checkout sheet. Students leaving school must be cleared in advance by a note or phone call from the student’s parent or legal guardian. Upon returning to school that same day, students are expected to sign in at the office. A sheet will be available in the office for this purpose. Students who leave without permission and without signing out in the proper manner will be considered truant.

Section 5 Attendance is Required to Participate in Activities

Students must attend school half the day of any scheduled school activity in order to participate. Failure to attend on that day will result in a student being withheld from participation in the activity. The principal retains the right to grant participation should exceptional circumstances prevail. Students are also expected to be in school the day following an athletic contest.

Section 6 Make-up Work

Written make-up work may be assigned for each day missed regardless of the type of absence. If make-up work is not completed, students will receive no credit for the work required. For excused absences, two school days will be allowed to make up the work for each day missed with a maximum of then (10) days allowed to make up the work. If requested, assignment sheets will be prepared for students who are ill. If parents and /or students request assignment sheets the school should be contacted by 10:00 am.

Article 5 - Scholastic Achievement

Section 1 Grading System

Hitchcock County Schools will use the letter grading system as follows:

A	93 - 100	Excellent
B	86 - 92	Good
C	78 - 85	Satisfactory
D	70 - 77	Needs Improvement
F	0 - 69	No Credit
I		Incomplete*

Each teacher will define for students the grading procedures to be used in their classes.

*Incomplete work: Student has one week after the semester to complete any incomplete work. Students who fail to meet this requirement will have a grade of failure recorded in place of the incomplete. In case of extreme emergency, exceptions can be made in this rule.

The teaching staff understands the growth process in early childhood (ages 4-8). As a result, Kindergarten through 2nd grade students are assessed based on their development and their progress toward grade level standards. Students in grades 3rd through 12th are assessed against a standard of work that is expected for a given grade level.

The Hitchcock County Schools’ Board has adopted the Nebraska L.E.A.R.N.S. Standards for Language Arts, Math, Science, and Social Studies. Periodic assessment of these standards will take place and be reported to parents and to the State Department of Education as required.

For Honor Roll, Transcripts and Scholarship purposes the GPA for 7-12 is the average of all grades except Aide, and Study Skills. All student aides will be graded pass/fail.

Alternate Curriculum: Only percent grades earned through regular classroom attendance will meet Honor Roll and Class Rank Criteria. Pass/Fail grades will not count on Honor Roll or Class Rank.

Section 2 High School Yearly Course Requirements

High School students in all grade levels are required to register in the following courses:

9th Grade	English9, Pre-Algebra or Algebra I, Physical Science, Keyboarding/Comp. App., Geography, and Speech
10th Grade	English 10, World History, Earth Science, Geometry or Applied Math I, PE, and Health
11th Grade	English 11, College Prep English, American History, Applied Math II or Algebra II, and Biology

Section 4 Promotion, Retention

The professional staff at Hitchcock County Schools will place students at the K-8 grade level and in the courses best suited to them academically, socially and emotionally. In High School, all pupils with less than 50 hours will be classified as Freshman, 50-120 as Sophomores, 120-180 as Juniors and all others as Seniors.

Students will typically progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined, in the judgment of the professional staff, to be appropriate for the educational interests of the student and his/her educational program.

Transfer Students: Hitchcock County Schools will accept grade placement and school credits of students transferring from accredited schools. The approved status of schools shall be that as determined by the Nebraska Department of Education or other appropriate State Departments of Education. Grade placement of students transferring from non-accredited schools shall not be accepted by the Hitchcock County Schools, rather grade placement shall be at the discretion of the Hitchcock County Schools. The following criteria shall be used in making this determination:

- (a) Achievement test scores
- (b) The student's chronological age
- (c) The emotional and physical maturity of the student

The principal, guidance counselor, and those teachers affected by the placement shall be involved in making the placement decisions.

Section 5 Schedule Changes

Students needing schedule changes will notify the counselor within five days at the beginning of a semester. Schedule changes must be initiated by the students involved. Final approval of all schedule changes will be made by the Principal or Guidance Counselor.

Section 6 Interim Reports

Various supplemental reports may be sent to parents throughout the school year concerning student's performance. These reports may describe student work of an exceptional nature or work which needs improving. These reports will be sent as the principal and/or the teacher determines necessary.

Included in the academic improvement report will be a request from the teacher for parents to contact the teacher by phone to discuss the student's academic progress. Teachers will arrange with the parents for times when the student can meet with the teacher outside the regular class period until the student returns to satisfactory academic standing.

Section 7 Report Cards

Report cards are issued at the end of each quarter, or nine-week sessions. Percent grades are used to designate a student's progress. Incompletes shall be designated by an "INC". Students have one week after the end of the quarter to make up incomplete work. Failure to do so will cause the grade to change to a "NC" (No Credit). No incompletes will be given at the end of the fourth quarter, as all course work must be completed by the end of the fourth quarter.

Section 8 Parent-Teacher Conferences

Parent-teacher conferences will be held this year at the end of the 1st quarter and during the 3rd quarter. Refer to the school calendar for the schedule. Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with one or more teachers as needed.

Section 9 Honor Roll

The purpose of the honor roll is to recognize those students who demonstrate academic excellence in the regular curriculum. Honor rolls will be determined for 1st, 2nd, 3rd, and 4th quarters, and Semester. Students will be recognized accordingly:

- i) Students receiving all "A's" will be classified as students with DISTINCTION.
- ii) Students receiving 93% or above will be classified as students with HONOR.
- iii) Students receiving 86% - 92% will be classified as Honorable Mention (a student may have one grade of C to qualify). No grade below "C" will qualify a student for the honor roll.
- iv) All class grades except Student Aide and Study Skills are used for honor roll status.
- v) Honor roll lists are published in the newspaper.

Academic Honor Award will be given to each student who is on the Honor Roll for three consecutive 9 weeks or 1st semester and 3rd nine weeks.

Section 10 National Honor Society:

A student eligible for membership must be a sophomore, junior or senior having at least a 90% cumulative average and have been enrolled in the school system for at least one semester. All eligible names will be considered.

Two selection dates will be used. Senior students will be considered for membership in the fall semester. Upon notification, all new senior members will be accorded the rights of membership. They will participate in the spring induction ceremony. Junior and sophomore students will be considered for membership in the spring semester. All new members for the current school year will be inducted at the spring ceremony.

Each eligible student may be given a Student Information Sheet to fill out and return by the specified date. Regardless of whether the sheet is returned, all eligible names will be voted on. The information sheets cover the following topics:

1. Leadership: List the activities and offices or positions of responsibility, which the student held in high school, that demonstrate leadership ability.
2. Service: Show active participation in community service by listing all involvements.
3. Jobs – Awards – Honors: List any of these that will show the faculty evidence of being an outstanding student worthy of consideration for membership.
4. Scholarship: Eligibility is determined by the cumulative GPA, but effort will be taken into consideration.

Faculty Evaluation:

The Principal will appoint a five member faculty council each year. The Honor Society Advisor will oversee the selection procedure, but is not a voting member of the Council.

Based on criteria printed in the NHS National Handbook, each member of the committee will be asked to vote yes or no on each individual's acceptance for membership. A simple majority will rule. No one member of the team will be able to determine membership status. All four areas of scholarship, leadership, character and service will be considered. Each member of the committee will be given a copy of the student activity sheet to aid in the evaluation.

Students accepted for membership in the NHS will receive an invitation notifying them of the induction ceremony details. Any student not chosen will remain on the consideration list provided their GPA does not fall below the 90% level.

Points to consider:

Students may not apply for membership in the NHS. Membership is granted only to those students selected by the Faculty Council.

No student may expect membership selection. Selection is an honor, not a right. Reconsideration is a rare occurrence and is based on technical errors such as errors in grade point averages or names omitted from the eligibility list. According to the National Handbook-chapters are not obligated to share with parents and students information concerning specific students not selected for membership.

The NHS Advisor's position on the Faculty Council is to ensure that the correct procedures for selection are being followed. The advisor cannot vote on student selection.

Please remember that NHS is a school-sponsored activity with primary emphasis given to school related experiences. As professionals, the members of the Council recognize the importance of their responsibility, but the process itself requires some subjective judgment. It is recognized that not everyone will be satisfied with the results, but this does not invalidate the decisions of the Council. The following guidelines are presented to each member of the Faculty Council to help define the areas of selection consideration.

Article 6 - Support Services

Section 1 Special Education Identification And Placement Procedures:

What Does Special Education Mean?

Special education means educational experiences, curriculum and services, including transportation, through the use of staff, facilities, equipment and classrooms which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district.

How are Students With Disabilities Identified?

The first step is for parents to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individual Education Program (IEP) will be developed.

Students Who May Benefit

A student verified as having autism, behavior disorder, hearing impairment, mental handicap, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, or visual handicap may be placed in regular education with support services or may benefit from a special education classroom or service.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP)

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents specifying programs and services which will be provided by the schools. If necessary, the

district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent. An IEP is developed in a conference setting. Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
2. An individual who can interpret the instructional implications of evaluation results;
3. One or both parents;
4. The child (when appropriate);
5. At least one regular education teacher if the child is, or may be participating in the regular education environment;
6. At least one special education teacher;
7. A representative of the nonpublic school if the child is attending a nonpublic school;
8. A representative of a service agency if the child is receiving services from an approved service agency; and
9. Other individuals, at the discretion of the parent or school district.

It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting. The school district will provide parents with a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students are entitled to have supplementary aids and services to help them in a regular educational setting. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings. Determination of a student's educational placement will be made by a team of persons who knows the student and who understands the tests and procedures that assess the student's learning abilities. Team members know the available programs and services which might help the student. Parents are asked for written consent to determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested. Written notice shall be given to parents a reasonable time before the school district: 1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

Alternative Programs

Parents have a right to know about available private and public programs, other than those offered by the schools. The school district staff will provide information about those programs on request. If parents place the student in one of those programs, however, the school district is not required to pay for the student's education.

Transportation of Students Receiving Special Education

The district special education staff will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be

transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Access to Student Records

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

Nonpublic School Students

Students in state-approved nonpublic schools may participate in special education programs in the same manner as public school students.

Parental Review of Programs

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings and decisions made in a state level hearing have the right to bring civil action.

Plans and Budget

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Hitchcock County Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 (complaint procedures) or Rule 55 (appeal procedures) may contact the Superintendent at the Hitchcock County Schools Offices.

Section 2 Guidance Services:

The Hitchcock County Schools employ guidance counselor(s) for the purpose of assisting with the District's testing program and to assist with scheduling and for students to discuss problems and resolve conflicts. If you wish to see a counselor, stop by a counselor's office and make arrangements for an appointment.

Services offered but not limited to:

1. Individual Inventory: testing, recording, summarizing and interpreting information about the students
2. Information: Collecting, organizing, and distributing educational, occupational, and social information for students.
3. Placement: assisting students in identifying, evaluating, and selecting educational or occupational opportunities.
4. Counseling: coordination and interaction of the guidance services in a one to one relationship between the student and the counselor.
5. Testing: Students are tested particularly to help determine individual learning levels, abilities, interests and to assist in placement if necessary into a special or structured learning environment. Each year the testing schedule and program is evaluated to determine reliability and effectiveness of the achievement, mental ability and aptitude of the students.

Section 3 Health Services:

Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F., vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the school nurse and/or administration that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's enrollment papers so that you can be reached if your child becomes ill or injured while at school. Please also inform your school of health related information you feel is important for your student's success in the classroom and/or safety at school.

Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that the child take or have medication available at school, the parents/guardians must provide a signed written consent for the child to be given medication at school. A consent form is available at the school office.

Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. The school nurse may limit medications to those set forth in the Physician's Desk Reference (PDR). Please limit the amount of medication provided to the school to a two-week supply.

School Health Screening

Children in Kindergarten through 12th grade, are screened for vision, hearing, dental defects, height and weight. Students entering the Student Assistance Process at any grade level, and those about whom health concerns are identified to the school nurse, may also be screened. Parents are notified of any health concerns as they are identified. Parents who do not wish their child to participate in the school screening program must communicate this in writing to the school health office where their child attends at the start of the school year. Because Nebraska statutes require school-age screening, parents who remove their child from the screening program must submit findings from an alternate medical provider to the school by December 1.

Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten and the seventh grade, or in the case of transfer from out of state to any other grade. All students who participate in athletics must have a physical examination by a physician and an approved card signed by their parents and turned into the office before they will be permitted to participate. A parent or guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student's file. Waiver forms are available in the school health office.

Immunizations

Immunizations against the following diseases are required for every child:

- measles • mumps • rubella
- poliomyelitis • diphtheria • pertussis • tetanus

All students in all grades will be required to present evidence of:

- 3 doses of DTP, DTaP, DT, or Td vaccine
- 3 doses of Polio vaccine

- 3 doses of pediatric Hepatitis B vaccine or 2 doses of adolescent vaccine if student is 11-15 years of age
- 2 doses of MMR vaccine given on or after 12 months of age and separated by one month or more.
- 2 doses of varicella (chickenpox) or MMRV given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted. If the child has had varicella disease, they do not need any varicella shots.

Additionally, for 7th Grade only: 1 dose of Tdap (must contain Pertussis booster), this dose can be received any time after 10 or 11 years of age depending on which brand of vaccine is received.

Any 2-5 year-olds enrolled in a school-based program not licensed as a child care provider (i.e., Head Start and Early Childhood Special Education) will be required to present evidence of:

- 4 doses of DTaP, DTP, or DT vaccine
- 3 doses of Polio vaccine
- 1 dose of MMR vaccine given on or after 12 months of age
- 3 doses of pediatric Hepatitis B vaccine
- 3 doses of HiB vaccine or 1 dose of HiB vaccine given at or after 15 months of age.
- 1 dose of varicella (chickenpox) or MMRV given on or after 12 months of age. Written documentation (including year) of varicella disease from parent, guardian, or health care provider will be accepted.
- 4 doses of pneumococcal or 1 dose of pneumococcal given on or after 15 months of age. *Pneumococcal not required after child reaches 5 yrs of age.

Students must show proof of immunization upon enrollment in Hitchcock County Schools. Any student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations may complete a waiver statement, which is available in school health offices. Students with a signed waiver statement may be excluded from school in the event of a disease outbreak.

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling a new student in school. If your child is registering with Hitchcock County Schools for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Guidelines for Head Lice

The following guidelines are in place to: better control a nuisance condition; reduce absenteeism due to head lice; and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice. In the event the child has TWO cases of live lice in a semester, he or she will be sent home until free of both live lice and nits (eggs).
2. Health office staff will provide written treatment information and instructions, including how to check and identify head lice*.
3. A child who is sent home from school for head lice should miss no more than two school days.
4. A child who has been sent from school due to head lice must come to the health office for inspection before returning to class.
5. Families are encouraged to report head lice to the school health office.
6. Individual buildings will perform classroom-wide or school-wide head checks as needed in order to control the condition at school.

*Nit removal will be emphasized for effective management of the condition. For more information call the nurse at your child's school.

One of the primary objectives shall be the prevention of illicit drug and alcohol use by students. In the event of disciplinary proceedings against any student for any District policy pertaining to the prohibition against the unlawful possession, use, distribution or manufacture of illicit drugs and alcohol, appropriate school personnel shall confer with any such student and his or her parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel shall consider to be of benefit to any such student and his or her parent or parents or guardian.

Standards of Student Conduct Pertaining to the Unlawful Possession, Use, or Distribution of Illicit Drugs or Alcohol on School Premises or as a Part of Any of the School's Activities.

(In addition to standards of student conduct elsewhere adopted by board policy or administrative regulation to absolutely prohibit the unlawful possession, use, distribution or manufacture of illicit drugs or alcohol on school premises or as a part of any of the school's activities.) This shall include such unlawful possession, use, or distribution of illicit drugs and alcohol by any student of the District during regular school hours or after school hours at school sponsored activities on school premises, at school sponsored activities off school premises.

2. The possession, use, or distribution of alcohol, which is prohibited by law.

It shall further be the policy of the district that violation of any of the above prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including short term suspension, long term suspension, expulsion, and referral to appropriate authorities for criminal prosecution.

Drugs and Alcohol Prohibited - Standards of Conduct for Students and Employed Staff:

1. First Violation: The student/athlete will not be allowed to participate for twenty (20) school days unless the individual confesses, in which the student/athlete will not be allowed to participate for ten (10) school days or two performances, whichever is more severe.
2. Second Violation: A second violation occurring during the same school year will mean automatic suspension from all NSAA activities for the remainder of the school year.

Intervention:

The Hitchcock County Schools District does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational climate or activity, the school then has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff. The school will issue a statement to all students and employed staff that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. The school shall make available to students and employed staff information about any drug and alcohol counseling, and rehabilitation and re-entry programs, which are available to students.

Administration:

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

Article 8 - Student Rights, Conduct, Rules and Regulations**Section 1 Student Conduct and Discipline Policies:**

The common goal of students, parents, faculty and administration of Hitchcock County Schools is to maintain a school atmosphere which is conducive to learning. In order to achieve this, Hitchcock County Schools will continue to review and distribute a set of reasonable and fair rules and policies. VIOLATIONS OF THE HITCHCOCK COUNTY SCHOOLS' RULES AND POLICIES WILL RESULT IN DISCIPLINARY ACTION.

Part 1 Forms of School DisciplineShort-Term Suspension:

Students may be excluded by the Administration or their designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Hitchcock County Schools Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal or the Principal's designee shall make a reasonable investigation of the facts and circumstances. In addition, such short-term suspension will be made only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
3. Within 24 hours, or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.

Long-Term Suspension:

Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) on the conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

Expulsion:

1. Meaning of Expulsion. Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. Summer Review. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or a committee of such board took the final action to expel the student, the student may be

readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. Suspension of Enforcement of an Expulsion: Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program and to such other consequences which the school district deems appropriate. In lieu of other authorized educational programs to which the student may be assigned, such school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the Superintendent or his or her designee, or (2) if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The determination of whether the student's participation and conduct has been satisfactory or not shall be made by Principal or the Principal's designee.
4. Students Subject to Juvenile or Court Probation. Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal's designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal's designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

Other Forms of Student Discipline:

Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions

during the day. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures and a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

Part 2 Student Conduct:

Students have an opportunity to learn by sharing some of the responsibility for creating a good learning environment. To help maintain a quality instructional environment for all students attending Hitchcock County Schools, all students are expected to refrain from the following conduct.

Grounds for An Investigation, Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment:

The failure to refrain from the following conduct shall constitute grounds for an investigation, short-term, long-term suspension, expulsion, or mandatory reassignment, subject to the procedural provisions of the Student Discipline Act, Neb. Rev. Stat. § 79-254 through 79-296, when such activity occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event:

1. Use of violence, force, coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes;
2. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, or repeated damage or theft involving property;
3. Causing or attempting to cause personal injury to a school employee, to a school volunteer, or to any student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision;
4. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student;
5. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon;
6. Engaging in the possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in section 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in section 53-103 or being under the influence of a controlled substance or alcoholic liquor (note: the term “under the influence” for school purposes has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant);
7. Public indecency;
8. Sexually assaulting or attempting to sexually assault any person. In addition, if a complaint has been filed by a prosecutor in a court of competent jurisdiction alleging that the student has sexually assaulted or attempted to sexually assault any person, the student is subject to suspension, expulsion, or mandatory reassignment regardless of where the conduct took place. For purposes of this subdivision, sexual assault shall mean sexual assault in the first degree and sexual

- assault in the second degree as defined in sections 28-319 and 28-320, as such sections now provide or may hereafter from time to time be amended;
9. Truancy or failure to attend assigned classes or assigned activities;
 10. Tardiness to school, assigned classes or assigned activities;
 11. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, national origin, or religion;
 12. Dressing in a manner which is dangerous to the student's health and safety, a danger to the health and safety of others, or which is disruptive, distractive or indecent to the extent that it interferes with the learning and educational process. (Further dress code information is provided in a later section).
 13. Willfully violating the behavioral expectations for those students riding Hitchcock County Schools buses.
 14. Engaging in any other activity forbidden by the laws of the State of Nebraska which activity constitutes a danger to other students or interferes with school purposes; or
 15. A repeated violation of any rules and standards validly established by the Board of Education or school officials if such violations constitute a substantial interference with school purposes.
 16. In addition, a student who engages in the following conduct on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish:
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or,
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
 17. In addition, a student who is determined to have brought a firearm to school, or to have possessed a firearm at school, shall be expelled from school for a period of not less than one year. The Superintendent may modify such one year expulsion requirement on a case-by-case basis, provided that such modification is in writing. The term "to school" or "at school" means on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event.

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

Additional Student Conduct Rules:

The following additional student conduct rules are established. Failure to comply with such rules is grounds for disciplinary action, up to and including expulsion, as further specified in these rules. **These rules govern student conduct on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event.**

18. Student Appearance Policy:

Students at Hitchcock County Schools are expected to dress in a way that is appropriate for a school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- a. Clothing or jewelry that is gang related;
- b. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pants or sleeping apparel) and shorts will be at least finger tip in length;
- c. Clothing or jewelry that advertises beer, alcohol, tobacco, or illegal drugs;
- d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play";
- e. Head wear including hats, and caps,
- f. Clothing or jewelry which exhibits nudity, makes sexual references or carries double meanings.
- g. Bare feet (some type of footwear must be worn)
- h. Lack of foundation garments. Foundation /undergarments must not be visible.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Administration. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's

guidelines, the student should contact the Administration for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Continual violations of the dress code will result in disciplinary actions under the Student Code of Conduct above. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in discipline, up to expulsion.

19. Harassment and Bullying Policy:

It is the policy of Hitchcock County Schools that "bullying" type behavior is not to be permitted. These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, race harassment, etc.).

- (i) Step One: The first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school's opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage the student may be disciplined under the student code by actions which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.
- (ii) Step Two: The second time school personnel become aware of a harassment incident, the student's parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.
- (iii) Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.

- (iv) Step Four: If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

Harassment and Bullying Program--Levels:

Purpose: All students have the right to attend Hitchcock County Schools free from verbal and physical harassment and bullying. The purpose of the Harassment and Bullying Program is to protect students and staff from those who fail or refuse to comply with school guidelines regarding the treatment of others.

1. Level I: The guidelines for a Level I placement are listed below.
 - a. The length of the assignment will be for a minimum of two weeks.
 - b. The student will report to the office no later than 8:00 a.m. each morning or immediately after bus arrival.

The Hitchcock County School District is pleased to make available to students access to interconnected computer systems within the District and to the Internet, the worldwide network that provides various means of accessing significant educational materials and opportunities.

In order for the School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one student's misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the School's teachers and other Staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Listed below are the provisions of your agreement regarding computer network and Internet use. If you have any question about these provisions, you should contact the building principal. If any user violates this Policy, the student's access will be denied, if not already provided, or withdrawn and he or she may be subject to additional disciplinary action.

Student acceptable use procedures for network and Internet access will be reviewed with students and teachers annually. Students in grades three, six, and nine and their parents or guardians will be asked to review and sign the Student Acceptable Use Procedures for Network and Internet Access at the beginning of the school year.

B. Netiquette.

All users must abide by rules of network etiquette, which include the following:

1. Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.
2. Avoid language and uses, which may be offensive to other users. Don't use access to make, distribute, or redistribute jokes, stories, or other materials which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion or sexual orientation.
3. Don't assume that a sender of e-mail is giving his or her permission for you to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should only be done with permission or when you know that the individual would have no objection.
4. Be considerate when sending attachments with e-mail (where this is permitted).

Be sure that the file is not too large to be accommodated by the recipient's system and is in a format which the recipient can open.

IV. INTERNET SAFETY

A. General Warning: Individual Responsibility of Parents and Users.

All users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials, inappropriate for school-aged pupils. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guide to materials to shun. If a student finds that other users are visiting offensive or harmful sites, he or she should report such use to the person designated by the School.

B. Personal Safety.

Be safe. In using the computer network and Internet, do not reveal personal information such as your home address or telephone number. Do not use your real last name or any other information which might allow a person to locate you without first obtaining the permission of a supervising teacher. Do not arrange a face-to-face meeting with someone you "meet" on the computer network or Internet without your parent's permission (if you are under 18). Regardless of your age, you should never agree to meet a person you have only communicated with on the Internet in a secluded place or in a private setting.

C. "Hacking" and Other Illegal Activities.

It is a violation of this Policy to use the School's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violated state or federal law relating to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.

D. Confidentiality of Student Information.

Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian, or if the student is 18 or over, the permission of the student himself/herself. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by Nebraska law, for internal administrative purposes or approved educational projects and activities.

E. Active Restriction Measures.

The School, either by itself or in combination with Educational Service Unit #15 providing Internet access, will utilize filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The School will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material that is inappropriate for minors.

Internet filtering software or other technology-based protection systems may be disabled by a supervising teacher or school administrator, as necessary, for purposes of bona fide research or other education projects *being conducted by students, age 17 and older*.

The term “harmful to minors” is defined by the Communications Act of 1934 (47 USC Section 254 [h][7]), as meaning any picture, image, graphic image file, or other visual depiction that

- taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

- depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals;

- taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

V. PRIVACY

Network and Internet access is provided as a tool for your education. The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer Network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any exception of privacy regarding such materials.

VI. FAILURE TO FOLLOW POLICY

The user’s use of the computer network and Internet is a privilege, not a right. A user who violates this Policy, shall at a minimum, have his or her access to the computer network and Internet terminated, which the School District may refuse to reinstate for the remainder of the student’s enrollment in the School District. A user violates this Policy by his or her own action or by failing to report any violations by other users that come to the attention of the user. Further, a user violates this Policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The School District may also take other disciplinary action in such circumstances.

VII. WARRANTIES/INDEMNIFICATION

The School District makes no warranties of any kind, either express or implied, in connection with its provision of access of and use of its computer networks and the Internet provided under this Policy. It shall not be responsible for any claim, losses, damages or costs (including attorney’s fees) of any kind suffered, directly or indirectly, by any user or his or her parent(s) or guardian(s) arising out of the user’s use of its computer networks or the Internet under this Policy. By signing the acknowledgment form in the student handbook, users are taking full responsibility for his or her use, and the user who is 18 or older or, in the case of a user under 18, the parents(s) or guardian(s) are agreeing to indemnify and hold the School, the School District, Educational Service Unit #15 that provides the computer and Internet access opportunity to the School District and all of their administration, teachers, and staff harmless from any and all loss, costs, claims or damages resulting from the user’s access to its computer network and the

Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or, if the user is a minor, the user's parent(s) or guardian(s) agree to cooperate with the School in the event of the School's initiating an investigation of a user's use of his or her access to its computer network and the Internet, whether that use is on a School computer or on another computer outside the School District's network.

VIII. UPDATES

Users, and if appropriate, the user's parents/guardians, may be asked from time to time to provide new or additional registration and account information or to sign a new Policy, for example, to reflect developments in the law or technology. Such information must be provided by the user (or his/her parents or guardian) or such new Policy must be signed if the user wishes to continue to receive service. If after a user has provided account information, some or all of the information changes, the user must notify the person designated by the School to receive such information.

Part 3 Reporting Student Law Violations:

- (1) Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.
- (2) When a Principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the Principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the Principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.

Article 9 - Extra-Curricular Activities - Rights, Conduct, Rules and Regulations

Section 1 Extra-Curricular programs:

Extra-curricular programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. The Hitchcock County Schools will adhere to the rules and regulations set forth in Title IX guidelines on sex discrimination as well as other pertinent rules and regulations.

Section 2 Activity Philosophy:

Activities are considered an integral part of the school's program of education which provides experiences that will help boys and girls physically, mentally and emotionally. The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. We believe that participation in activities, both as a player and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, to the team, to the student body, to the community and to the students themselves. In their play and their conduct,

students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better people and citizens.

Safety

The District's philosophy is also to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, and to exercise common-sense. The parents may request in person and in writing that their son/daughter ride home with them. In this case the sponsor must inform the driver that this student has permission to ride home with his/her parents. Students must not be given permission to ride home with anyone other than their parents, unless approved by the administration.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 3 Activity Code of Conduct, Violations, and Discipline:

This activity code of conduct is supplemental to the Hitchcock County Schools student code of conduct which is in Article 8 of this handbook and any action taken hereunder may be in addition to any action under the student code of conduct said policy.

Grounds for Extracurricular Discipline

The grounds for investigation or suspension from practices, participation in interscholastic competition, or other participation in extra-curricular activities and competitions are set forth below. In becoming familiar with the conduct rules for extracurricular activities, participants need to remember that they are not only representing themselves, but also, their school and community in all of their actions. Special conduct rules exist for the reasons that:

Participants in Activities Assume Responsibility for Leadership and are Representatives of Our School: Participants in extra-curricular activities assume a leadership role. The student body, the community and other communities judge our school on the students conduct and attitudes, and how they contribute to our school spirit and community image. The students' performance and devotion to high ideals make their school and community proud.

Activities are a Privilege: Extra-curricular activities have an important place in the educational program of the Hitchcock County Schools. It is a privilege for the students who choose to participate. Students who participate and are accepted into the program are expected to demonstrate cooperation, patience, pride, character, self respect, self-discipline, teamwork, sportsmanship, and respect for authority. It is the belief that accepting responsibility for one's actions is a part of that philosophy.

The conduct rules apply to conduct of the student, regardless of whether the conduct occurs on and off school grounds. (If the conduct occurs on school grounds, at a school function or event,

or in a school vehicle, the student may also be subject to further discipline under the general student code of conduct). The conduct rules apply to conduct which occurs at any time during the school year, and also includes the time frame which begins with the official starting day of the fall sport season established by the NSAA and extends to the last day of the spring sport season established by the NSAA, whether or not the student is a participant in an activity at the time of such conduct.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, or similar conduct in a manner that constitutes a substantial interference with school purposes.

For school purposes, the term means any level of impairment and includes even the odor of alcohol on the breath or person of a student. Also, it includes being impaired by reason of the abuse of any material used as a stimulant. In addition, “possession” of alcohol or drugs will be considered to have occurred for purposes of school rules if the student is in such close proximity to alcohol or drug (for example, a student being in a car where alcohol is in the back seat and no adults are present in the car) or to others who are consuming alcohol or drugs (for example, being at a student party at which other students are drinking) that school officials may reasonably determine that the student was in “possession” of the items as well).

15. Engaging in any unlawful activity as determined by the United States or the State of Nebraska.

20. Failure to report for the activity at the beginning of each season; reporting for one activity may count as reporting on time if there is a change in activity within the season approved by the coach or the supervisor.
21. Failure to participate in regularly scheduled classes on the day of an athletic/activity event. Students must attend school half the day of any scheduled school activity in order to participate in the activity; and be in school the day following an athletic contest. The principal retains the right to grant participation should exceptional circumstances prevail.
22. Failure to attend all scheduled practices and meetings. If circumstances arise to prevent the participant's attendance, the validity of the reason will be determined by the coach. Every reasonable effort should be made to notify the coach or supervisor prior to all missed practices or meetings.

Beginning with the first sanctioned day of fall practice any student involved in NSAA sanctioned activities, and all non-NSAA activities sponsored by Hitchcock County School system, who is found to be in violation of Article 9, Section 3, Paragraphs 8 or 9 of the Activity Code of Conduct rules shall be subject to the following disciplinary action:

First Violation – The student/athlete will not be allowed to participate for twenty (20) school days unless the individual confesses, in which the student/athlete will not be allowed to participate for ten (10) school days or two performances, whichever is more severe.

Second Violation – A second violation occurring during the same school year will mean automatic suspension from all NSAA activities for the remainder of the school year.

Procedures for Extracurricular Discipline

Students may be suspended by the Principal or the Principal's designee from practices or participation in interscholastic competition or participation in extra-curricular activities for violation of rules and standards of behavior adopted by the Hitchcock County Schools Board of Education or the administrative staff of the school.

The following procedures will be followed with regard to suspension:

1. The school official(s) considering the suspension will make a reasonable investigation of the facts and circumstances and determine whether the suspension will help the student or other students, further school purposes, or prevent an interference with school purpose.
2. Prior to commencement of the suspension, the student is to be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the school has, and be given the opportunity to explain the student's version of the facts.
3. If the student is not readily available to meet with the school official for this purpose before the suspension is to begin, then the suspension may be imposed at that time so long as the opportunity for the student to hear the charges and evidence and for the student to tell his or her side of the story occurs as soon as reasonably practicable. An effort to schedule a meeting for this purpose should be made by the student and the student's parent or guardian as well. Given the fact that extracurricular activity suspension actions at times need to be taken outside the regular school day, a telephone conference may be used to give the student the opportunity to provide the student's position.
4. Within two school days or such additional time as is reasonably necessary following the suspension, the Principal or Principal's designee will send a written statement to the student and the student's parents, or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reason for the action taken and the right to a hearing upon request on the specified charges.
5. An opportunity will be afforded the student, parents, or guardian of the student, at their request, to confer on an informal basis with the school official who has imposed the suspension and to give that school official any further information in the student's defense.
6. If the student or student's parents or guardian are not satisfied with the determination of the school official, an informal hearing may be requested before the Superintendent. A form to request such a hearing must be signed by the parent or guardian and will either be provided with the initial notice letter or be made available in the Principal's office. This request must be received by the building principal within five days of receiving the initial written notice of suspension.
7. If a hearing is requested, it shall be held within ten calendar days of the request. The Superintendent will notify the participants of the time and place of the hearing within five days of receiving the request. There will be no stay of the penalty imposed pending an appeal.
8. Upon conclusion of the hearing, a written decision will be rendered within five school days. The written decision will be mailed or otherwise delivered to the participant, parents or guardian. A record of the hearing (copies of documents

provided at the hearing and a tape recording or other recordation of the hearing itself) shall be kept by the school.

9. Nothing contained in this regulation shall prevent the participant, parents, guardian or representative from discussing and settling the matter with the appropriate school personnel at any stage.

Attendance and Academics:

Student participants are expected to apply themselves academically by following these expectations:

1. Attend school regularly and show evidence of sincere effort towards scholastic achievement.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests he/she should contact the coach or sponsor in advance.
3. Attendance, for half the day, the day of a contest is required to be eligible for the contest that day. Arrangements in advance for extenuating circumstances, such as doctor/dentist appointments, funerals or other activities, can be made with the building Principal in writing. Every attempt should be made to be in attendance the day of a contest. Sleeping in to rest up for the game will not be considered an extenuating circumstance, nor will going home ill and then returning to play in the contest later that day.
4. Appearance: Participants will dress appropriately for the activity in which they are involved and will at all times maintain a neat, clean and well groomed appearance.

Section 4 "Team Selection" and "Playing Time":

"Team selection" and "playing time" decisions are the responsibility of the individual coach or sponsor of the activity. Consistent, however, with the purposes of the activities program, the coaches and sponsors shall follow the following established guidelines for team selection and playing time decisions, along with such other guidelines as each individual coach and sponsor may develop which are not inconsistent with these established guidelines:

1. School Representative. Student participants must demonstrate that they can and will represent themselves and their school in a manner which reflects the development of high ideals and appropriate values, which shall include good citizenship in the school and in the community.
2. Success. Student participants must demonstrate that they can make the activity program more successful, both from a standpoint of competitive success and success in promoting a positive school spirit. Characteristics for purposes of these criteria include the student's: (1) talent or skill, (2) desire to improve the student's own skills or talents as well as those of others in the activity, and (3) attitude of respect towards teammates, the coach, the school, and the community.

Section 5 Academic Grade Standard for Activities Participation:

Participation in extra-curricular school activities is encouraged and desirable for all students. At the same time, the principal mission and responsibility for each student is to establish a firm academic foundation

1. Students in grades 7-12 that are failing in two classes for two consecutive weeks, whether for the same or different classes, will be deemed ineligible for the next week, Monday through Sunday. The first week of unsatisfactory work will be a probationary period for that student to improve his/her unsatisfactory work. All classes taken will count towards eligibility. Students on the Down List will be required to attend all athletic events and sit with their team, except where excused by the athlete's coach.
2. Students in Special Education programs or with special IEP's (Individual Educational Programs) must be meeting requirements of their IEP. Eligibility shall be checked on Monday of each week.
3. Students are ineligible if they failed to pass 25 credit hours the immediate preceding semester. The 25 hours must include credit hours towards graduation.
4. Eligibility requirements shall not apply to:
 - (A) Instructional field trips which are a part of the scheduled course learning experience; and,
 - (B) Activities or events which are a part of the student's grade requirements. Grades for eligibility will be turned in by 8:00 am on Friday.

Section 3 Anti-discrimination & Harassment Policy:

Elimination of Discrimination. The Hitchcock County Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination of Students.

Purpose: Hitchcock County Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition, the Hitchcock County Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, religion, national origin, sex, disability or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;

Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time.

The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

Complaint and Grievance Procedures:

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Hitchcock County Schools. If a satisfactory arrangement cannot be obtained through the Superintendent of Hitchcock County Schools, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent of Hitchcock County Schools will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

Section 4 Notice to Parents of Rights Afforded by Section 504 of the Rehabilitation Act of 1973:

The following is a description of the rights granted by federal law to qualifying students with disabilities. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
8. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or

placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent).

11. File a local grievance.

Section 5 Notification of Rights Under FERPA:

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the district discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-4605

The district may disclose directory information. The types of personally identifiable information that the district has designated as directory information are as follows: student's name, address, telephone listing, electronic mail address, photograph, date of and place of birth, major fields of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and most recent previous educational agency or institution attended. A parent or eligible student has the right to refuse to let the district designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information is as follows: two weeks from the time this information is first received. The district may disclose information about former students without meeting the conditions in this section.

ADDITIONAL NOTICE CONCERNING DIRECTORY INFORMATION

The district's policy is for education records to be kept confidential except as permitted by the FERPA law, and the district does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The district does not either approve or disapprove such teaching practices, and designates such student work as directory information and as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the district in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Section 6 Notice Concerning Disclosure of Student Recruiting Information:

The No Child Left Behind Act of 2001 requires Hitchcock County Schools to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Hitchcock County Schools not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent Hitchcock County Schools will comply with any such request.

Section 7 Notice Concerning Staff Qualifications:

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Hitchcock County Schools will give parents/guardians the following information about their child's classroom teacher:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree. We will also, upon request, tell

parents/guardians whether their child is being provided services by a paraprofessional and, if so, the qualifications of the paraprofessional. The request for information should be made to an administrator in your child's school building. The information will be provided to you in a timely manner. Finally, Hitchcock County Schools will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

Section 8 Student Privacy Protection Policy:

It is the policy of Hitchcock County Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with

the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: “Notification of and Right to Opt-Out of Specific Events.”

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. “Personal information” for purposes of this policy means individually identifiable information about a student including: (1) a student or parent’s first and last name, (2) home address, (3) telephone number, and (4) social security number. The term “personal information,” for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be “sensitive” for purposes of this policy:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student’s parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Section 9 Parental Involvement Policies:

It is the policy of the Hitchcock County School System #44-0070 to foster and facilitate, to the extent appropriate, parental information about, and involvement in the education of their children. Along these lines:

Textbooks, tests and other curriculum materials used in this school district are and shall be available for review by parents at school upon request. Since textbooks, tests, and other curriculum materials constantly change, and may be discarded when no longer needed by the school district, parents wishing to review such items must govern their requests accordingly;

Parents wishing to attend and monitor courses, assemblies, counseling sessions, and other instructional activities must obtain prior approval of and from the proper teacher, counselor, and administrator, or they will be asked to leave. Parents attending or monitoring courses, assemblies, counseling sessions, and other instructional activities with prior approval who, by their conduct or presence interfere with the education process or constitute an interference with school purposes, will be asked to leave.

The school district will excuse students from tests, classroom instruction, and other school experiences, under special circumstances upon parental request. Parental requests must be in writing and submitted to the proper teacher and administrator a reasonable time prior to the testing, classroom instruction, or other school experience. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent request.

Parents and others will be provided access to records of students according to law (e.g. Family Educational Rights & Privacy Act, 20 S.S.C. 1232g or 79-4157, R.R.S. et. Seq.);

Testing shall occur in this school district as determined appropriate from time to time by district staff to assure proper measurement of education progress and achievement.

Participation in surveys of students shall occur in this district from time to time when determined appropriate by district staff for education purposes. Parents under special circumstances may remove students from such surveys. Parental requests must be in writing and submitted to the proper teacher and administrator a reasonable time prior to the survey.

B. Title I Parental Involvement Policy:

The district will provide coordination, technical assistance and other necessary support in the planning and implementation of parent involvement activities. The district shall encourage parent involvement and support the partnership between home/school/community by providing understandable information about standards and assessments; provide material for parents to help their children and to involve other parents; educate, school personnel about involving parents and the value of parent contributions; and develop meaningful roles for community organizations and businesses to work with parents and schools.

It is the policy of the Hitchcock County School System that this jointly developed, written policy is distributed to parents of participating Title I children at the annual meeting in the spring.

An annual meeting will be held, for all parents of participating children. Notification of the annual meeting will be through mailings, one week before the meeting. Additional parent

meetings with flexible meeting times will be held throughout the year as determined by parent interest and suggestion.

Parents will be given assistance in understanding the requirements of the Title I law, National Education Goals, content standards, performance standards, and assessments at the annual meeting, parent teacher conferences and Parent Involvement Conference.

Parents shall receive timely responses to all parent recommendations. All information sent to parents will be in the language used in the home. Full opportunities will be provided for all parents to participate in Title I activities.

A jointly developed school/parent compact shall outline how parents, the entire school staff, and the students will share the responsibility for improved student achievement and the means by which the school and parents will continue to build and develop partnerships to help children achieve the state's high standards. The compact will be developed, reviewed and distributed at annual meetings and parent-teacher conferences.

The Title I Program provides opportunities through volunteer opportunities, Parent Involvement Conferences, and publications, for parents to become partners with the school in promoting the education of their children at home and at school. Parents will be given help monitoring their student's progress. The school shall provide assistance to parents on how they can participate in decisions related to their student's education. The school shall provide reasonable support for parental involvement activities as requested by parents.

The school will coordinate and integrate parent involvement programs and activities with other programs as appropriate through publications and staff and parent awareness activities.

An annual evaluation of this parental involvement policy shall be conducted to determine the effectiveness of this policy and the barriers of the policy for increasing parent involvement. Policy evaluation designing shall be used in designing strategies for school improvement and revising parent policies. The annual evaluation shall take place at the annual meeting in the form of a written survey completed by all parents of children participation in the Title I program. Results will be used as action plans for improvement.

Section 10 Homeless Students Policy:

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

No Stigmatization or Segregation of Homeless Students: It is the District's policy and practice to ensure that homeless children are not stigmatized or segregated by the District on the basis of their status as homeless.

and youth and shall ensure that: (1) homeless children are identified by school personnel; (2) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (3) homeless children and their families receive educational service for why they are eligible and referrals to health, dental, and mental health services and other appropriate services; (4) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (5) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (6) enrollment disputes are mediated in accordance with law; and (7) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

Enrollment of and Services to Homeless Children: A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed. Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either: (1) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (2) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending resolution of the dispute in accordance with the dispute resolution process. The homeless child shall be immediately enrolled in the school in which the District has determined to place the child, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residency, or other documentation. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (1) if the homeless child's school of origin is in the Hitchcock County Schools District, and the homeless child continues to live in the Hitchcock County Schools, transportation to and from the school or origin shall be provided by the Hitchcock County Schools; and (2) if the homeless child lives in a school district other than the Hitchcock County

Schools, but continues to attend the Hitchcock County Schools based on it being the school district of origin, the new school and the Hitchcock County Schools shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school district of origin and, if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

Section 11. Breakfast and Lunch Programs:

Dear Parents:

SUBJECT: Internet Informed Consent Form

Your child has the opportunity to receive an electronic network account or access, and needs your permission to do so. Among other advantages, your child will be able to communicate with other schools, colleges, organizations and individuals around the world through Internet and other electronic information systems and networks. Internet is a system which links smaller computer networks, creating a large and diverse network. Internet allows your child, through electronic mail (e-mail) and other means to reach out to many other people to share information, learn concepts and research subjects. These are significant learning opportunities to prepare your child for the future.

With this educational opportunity also comes responsibility. It is important that you and your child read the enclosed informed consent form, school district procedures and other material, and discuss it together. When your child is given an account and password to use on the computer, it is extremely important that the rules are followed. Inappropriate use will result in the loss of the privilege to use this educational tool, and other disciplinary action if appropriate. *Parents, remember that you are legally responsible for your child's actions.*

Please stress to your child the importance of using only his or her account password, and of keeping it a secret from other students. Your child should never let anyone else use his/her password to access the network. Your child is responsible for any activity that happens in his/her account.

We have established procedures and rules regulating the materials that students may search for on the network, but please be aware that there is unacceptable and controversial material and communications on the Internet that your child could access. It is not possible for us to always provide direct supervision of all students. Although we have a filtering system in place on our network, we cannot filter material posted on network-connected computers all over the world; we encourage you to consider the potential of your child being exposed to inappropriate material in your decision of whether or not to sign the informed consent form.

If you have any questions please contact me at 308.334.5575. Please return signed informed consent forms to us as soon as possible.

Sincerely,

Robert Sattler
Superintendent
